

What a geographer looks like in the EYFS

Characteristics of Effective Learning: **Playing and exploring** – children investigate and experience things and have a go; **Active learning** – children concentrate and keep trying if they encounter difficulties and enjoy achievements; **Creating and thinking critically** – children have and develop their own ideas, make links between ideas, and develop strategies for doing things. In addition, the prime area of learning **PSE, CL and PD** underpin and are an integral part of all areas of learning.

Understanding the World Educational Programme: Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children’s personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society, such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children’s vocabulary will support later reading comprehension.

Intent: Through the Geography curriculum at Orlelton we equip children with the skills and language of geographical enquiry. We believe our children deserve first-hand experiences to make geography come alive. During their journey at Orlelton, the children will learn about their locality, the United Kingdom and the wider world. Our children leave reception with an increased knowledge and sense of the physical world around them, their community and the wider world. They will respect the world around them and others, celebrating our similarities and differences. The children will have a greater sense of themselves and the changing environment. Through their learning the children will experience using a range of equipment and sources (including maps) to enable them to find out and gather information which they then use to further their understanding and learning. They will have opportunities to explore, observe and find out about places, cultures and environment, and will partake in visits to local areas and school trips that will enhance their learning.

| Themes | A1 – All About Me A2 – Healthy Me | | Sp1 – Winter World Sp2 – The World Beyond | | S1 – The Growing World S2 - Travelling the World | |
|---|---|--|--|---|--|---|
| Learning Overview | <p>We will learn about where we live, and we will try to remember our street name and house number. Using a map, we will be able to find the UK and know that England, where we live, is a part of the UK and Orlelton is the school we go to. We will learn the simple features of our classroom, shared areas and outside space..</p> <p>Compare where we live to finding India on a world map (Diwali celebrations)</p> <p>We will describe our environment and draw a simple map.</p> <p>We will look for signs of Autumn/winter on a walk about our school grounds.</p> <p>We will learn about religious cultures within our school and community. We will celebrate Harvest, Diwali and Christmas, and understand why some people do this every year. We will be able to recall the Christmas story and take part in our Infant Nativity.</p> | | <p>We will compare the Arctic and Antarctica, Polar regions to where we live (contrasting locations). We will know that they are cold places, and where they are on a world map/globe. Compare where we live to finding China on a world map (Chinese new year)</p> <p>We will learn that we live Earth and it is our planet. We will look at where we are in our Solar System.</p> <p>We will make simple maps from stories</p> <p>We will look for signs of Winter/Spring on a walk about our school grounds.</p> <p>We will compare living in the countryside to the town. We will learn about religious cultures within our school and community.</p> <p>We will celebrate Chinese New Year and Easter and understand why some people do this every year. We will be able to recall the Easter story and visit St George’s Church.</p> | | <p>We will know our way around our school environment, notice buildings, spaces, roads and simple features of our village.</p> <p>We will be able to locate our country on a world map and locate another country. We will talk about some similarities and differences between our country and others.</p> <p>We will explore where dinosaurs lived when they were alive e.g. land, skies and sea.</p> <p>We will draw simple maps of our immediate environment or from stories. (Draw treasure maps for Pirate theme)</p> <p>We will learn about religious cultures within our school and community. We will visit St. George’s church and look for signs & symbols and compare to a Jewish Synagogue.</p> | |
| Term | Autumn 1 | Autumn 2 | Spring 1 | Spring 2 | Summer 1 | Summer 2 |
| Geography Evidence in Floor Book We revisit knowledge and | To be able to draw information from a simple map for their local area and understand a map gives you directions. To identify buildings and roads from aerial maps. | To be able to talk about members of their immediate family and community. To know, name and describe people who are familiar to them. To know and understand that some places are special to members of their community. | To consider the differences & similarities between 2 different environments. To be able to talk about the lives of people around them and their roles in society. To talk about different religions and celebrations | To recognise some environments that are different from the one in which they live. To build an imaginary setting using construction. | To be able to recognise some similarities and differences between life in this country and life in other countries – home focus. To make a journey (nature/story) stick and then create own map with key | To understand that dinosaurs lived in skies, land and sea. To create a journey of an imaginary setting and use some features. To know that some things in the world are man-made, features. |

| skills throughout the year | To know Orleton is the village the school is located in. | To comment on experiences of a wide range of experiences and celebrations | To talk about life in China compared to the UK. | | | and some things are natural. |
| Geography Sticky Knowledge Knowledge children need to know by the end of every half-term. | I know that I belong to Class R in Orleton Primary School, in Orleton village. I know that it is the Autumn Season and I can look for signs of Autumn on a walk around our grounds. | I know that we have different kinds of weather. | I know that it is the Winter / Spring Season and I can look for seasonal signs on a walk around our grounds. | I know how to use and draw information from a simple map | I know some similarities and differences between life in this country and life in another country. | I know that in the Summer it gets hot and sunny. |
| Key vocabulary | map, aerial, birds-eye view, local, UK, England, Orleton, village, Near Ludlow, town, street, house, building, road | community, place, celebration, church, India | society, world, China, UK globe | countryside, town, buildings, farming, environment | map, , imaginary, feature, country, hot, cold, warm, hot, sun, snow, ice, weather | sky, land, sea, manmade, natural |
| Our Curriculum Goals | To become a Confident Explorer who can show curiosity about the world around them, understand how to read and draw a simple map , understand some differences between times and places. To become a Caring Citizen who can help to look after their community and care for the environment, know some reasons why Kimbolton is special, have an awareness of other people's cultures and beliefs. | | | | | |
| ELG (End of the year only) | <ul style="list-style-type: none"> Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps. Know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class. Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and – when appropriate – maps. | | | | | |
| During KS1, children will learn | <p>During KS1, children will learn</p> <p><u>Locational knowledge</u></p> <ul style="list-style-type: none"> Name and locate the world's seven continents and five oceans Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas <p><u>Place knowledge</u></p> <ul style="list-style-type: none"> Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country <p><u>Human and physical geography</u></p> <ul style="list-style-type: none"> identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles Use basic geographical vocabulary to refer to: Key physical features, including beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather Key human features, including city, town, village, factory, farm, house, office, port, harbour and shop <p><u>Geographical skills and fieldwork</u></p> <ul style="list-style-type: none"> Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage | | | | | |

What a geographer looks like in the EYFS

- Use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map
 - Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key
 - Use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment.
- SEASONAL CHANGES
- Observe changes across the four seasons.
 - Observe and describe weather associated with the seasons and how day length varies.

| | <p>I know how to use and draw information from a simple map I can look at aerial views and comment on buildings, open space, roads and other simple features</p> | | | | |

What a geographer looks like in the EYFS

Our geography journey through the year

Overview

Geography

-In Geography, we learn about the Earth and its people.

-We look at the different natural things that are found on Earth, for example rivers and mountains.

-We also look at how people live in different parts of the world.

In EYFS, we learn about the world and the people around us, (our 'familiar world')

Almost all of the early Geography learning can be found in 'Understanding the World', one of the 7 learning areas.

-A community is a group of people who live in a particular place or have something in common.

-E.g. all of the teachers, parents and children at your school make up your school community.

-Your town or village is your local community.

-A tradition is something that people in a group or community do, that has been passed down over time.

-E.g. eating certain foods, wearing certain clothes.

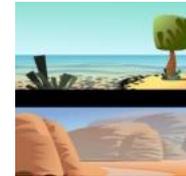

Key Vocabulary

- The World
- Earth
- People/ Humans
- Animals
- Plants
- Nature
- Man-made
- Environment
- Community
- Tradition

-Environments are our surroundings.

-Different people, plants and animals like to live in different environments.

-Some examples of natural environments are: garden, forest, beach, desert, rainforest, polar or mountain.

To talk about different religions and celebrations and understand China is bigger than the UK.

To draw information from a simple map for their local area and understand a map gives you directions

To identify buildings and roads from aerial maps.

To draw a map of an imaginary setting and understand some features.

To create their own maps and include some simple features.

To talk about the lives of people around them and their roles in society.

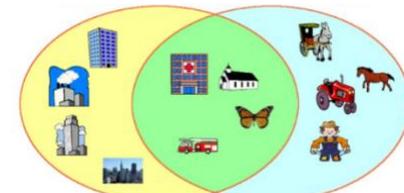

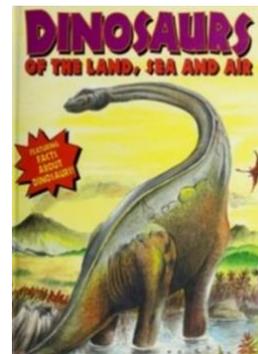

To recognise similarities and differences to UK and a contrasting country.

To know that St George is a special place to members of their community.

To know Orleton is the village the school is located in.

To understand dinosaurs lived in the skies, land and seas.

To recognise some environments that are different from the one in which they live.

The countryside is surrounded by mostly fields and is open and town is surrounded by buildings and closed up. They may share churches, hospitals and other important building.

What a geographer looks like in the EYFS

Talk about oceans and recreate oceans in small world play using under the water sea animals, shells, sand and rocks.

Exploring different geographical stories from around the world. E.g. Handa's Surprise

Talk about the holidays we've been on and how they are different from where we live.

Festivals from around the world, e.g. Chinese New Year

Parents share information about any multicultural families. Children with grandparents in other countries, friends and other relatives. Map these around the world.

Creating different kinds of maps: treasure maps, story maps and plans that include symbols, labels and pictures.

Tasting and trying different foods from around the world.

Creating different environments in small world play - mountains, rivers, beaches, cliffs, woodlands.

Exploring different habitats (& our school grounds) looking for minibeasts and pond-dipping.

Weather - class calendar

Exploring our grounds ... Forest School sessions .

School trip, Seasonal walks, walks to local church.
